

# 'Tis the *SEA*-son To Be Jolly

## FOR ALL THESE *FIN*-tastic GIFT IDEAS

When you purchase any of the items below, you are helping to provide free Aquarium admission for students and families in under-resourced communities, as well as STEM education programs and water stewardship initiatives. Limited quantities available.

Click on the headlines below to order yours today!

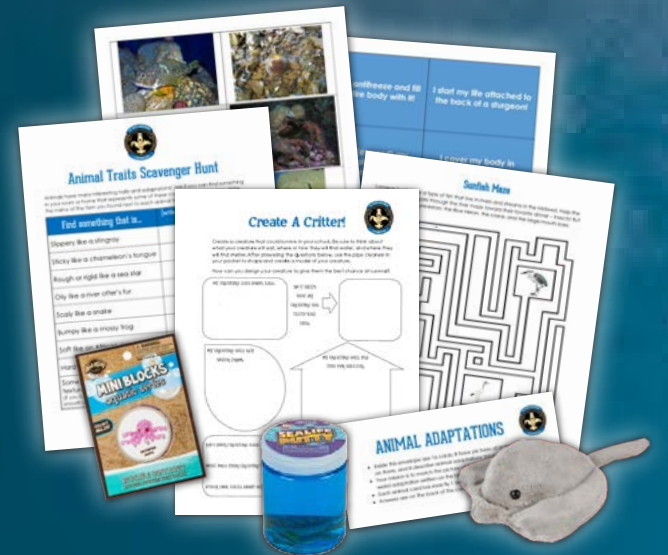

\$250 Sloth adoption sample

When you adopt an animal at the Aquarium for your loved one, your donation supports research and conservation in the adopted species' native habitat, and the Aquarium Foundation's mission. Currently, you can choose from the intelligent and mysterious **giant Pacific octopus**, the elegant and adorable **green sea turtle**, or the always relaxing and leisure-loving **Linnaeus' two-toed sloth**.

These educational and fun kits are specially designed by the Aquarium Foundation Education Department and are a perfect gift for kids ages 7 to 13 who love animals, the Aquarium, and/or science! They are also a great enhancement for at-home learning where kids get to be the biologist!

### EACH LEARNING KIT INCLUDES:

- Exclusive video of our biologists showing some of the coolest animals at the Aquarium
- Hands-on projects that will get kids designing, creating, and thinking critically
- Fun activity sheets and ocean animal coloring pages
- STEM-based learning toys or games
- Other Aquarium swag!

Animal Adaptations kit sample

**3 FUN THEMES:**  
ANIMAL ADAPTATIONS  
ANIMAL PATTERNS  
CONSERVATION

A Commemorative Fish would make the perfect gift for the fish-loving, hard-to-shop-for person on your list! For a donation of \$50+, they'll receive a personalized fish plaque on one of our recognition monuments in the entrance plaza or a digital fish on our recognition screen in the Conservation & Education Center for 15 years. We'll also send you a certificate with an image of the fish text you can gift to your recipient!

Give the gift of a St. Louis Aquarium Foundation membership to someone special in your life! An annual membership is more than just annual passes to the Aquarium, it also includes special events and experiences, all while providing free access to underserved families and education programs to advance marine life and water conservation initiatives.
